Reel enclosures
are available

Available Models

Air & Water Low Pressure 300 psi (21 bar) for delivery of air, water, anti-freeze, and windshield wash*.

Item	Description	Replacement Hose
☐ 2140-002	Bare reel - up to 50' Hose	
☐ 2140-007	30' X 3/8" ID hose	8136-030
☐ 2140-008	50' X 3/8" ID hose	8136-050
☐ 2140-010	30' X 1/2" ID hose	8141-030
☐ 2140-011	50' X 1/2" ID hose	8141-050

Oil Medium Pressure 3,000 psi (207 bar) for delivery of lubricants

☐ 2140-002	Bare reel - up to 50' Hose	
☐ 2140-013	30' X 1/2" ID hose	8241-030
☐ 2140-014	50' X 1/2" ID hose	8241-050

Grease High pressure 4,000 psi (276 bar) for delivery of grease

☐ 2140-005	Bare reel - up to 50' Hose	
☐ 2140-019	30' x 3/8" ID hose	8332-030
☐ 2140-020	50' x 3/8" ID hose	8332-050

* for specific windshield wash applications contact Balcrank Engineering for recommendations.

Specifications

Low & Medium Pressure Reels

Fluid inlet port	1/2" NPT(F) swivel
Fluid outlet port	1/2" NPT(F) swivel
Outlet thread	1/4" NPT(M) for 3/8" ID Hoses
	1/2" NPT(M) for 1/2" ID Hoses
Wetted Materials	Nickel plated steel and Buna-N™

High Pressure Reels

Fluid inlet port	3/8" NPT(F) swivel
Fluid outlet port	3/8" NPT(F) swivel
Outlet thread	1/4" NPT(M) for 3/8" ID Hoses
Wetted Materials	Nickel plated steel, hardened steel, and Polyethylene
