

Recommended for air, water, oil, gas or mud service to 6,000 PSI NSCWP. This union has a replaceable lip-type seal ring of Buna-N specifically designed to minimize fluid flow turbulence. Lip-type ring provides a pressure seal and protection for metal-to-metal seating surfaces. Smaller and lighter than Fig. 600 unions and are recommended for manifold and truck mounting where size and weight are critical.

Specifications

Brand	Catawissa
Type	Hammer Union
Connection Type	NPT Threaded End
Nominal Size	1 in
Nut Material	Steel Forging
Subs Material	Steel Forging
Subs Color	Orange
Nut Color	Black
SUB CWP	6000 psi
NUT Test	6000 psi
Product Number	0838503428
UPC Code	66242890956
HPH Code	NA
Weight	3.51 lb
