Portable IBC & Tote Cleaning System

TOTEBLASTER LT

The AaquaTools ToteBlaster LT, IBC and Tote Cleaning System is designed to wash and rinse the interior of totes and containers. Perform (in-house) intermediate bulk container (IBC) cleaning in less than half the time, with the ToteBlaster LT Station. This high impact cleaning technology ensures the entire tote interior is thoroughly cleaned in the most efficient manner, utilizing the least amount of resources, including time, labor, energy, cleaning chemicals and water.

Simplicity in design and affordability, coupled with the most durable and effective technology, makes this the ideal IBC/tote cleaning system for any industrial or sanitary application. The system comes equipped with everything needed to setup an IBC/tote cleaning station; just add your pressure washer, 4 gpm or greater (greater is preferred).

- Fast
- Reliable
- Safe
- Versatile
- Cost Effective

Specifications

Class	Rotating jet-head
Power	Pressure washer driven
Flow Rate	4-5.5 gpm
Temperature	Cold or hot up to 185°F (max)
Pressure	100-2000 psi (adjustable); 2300 psi (permissible)
Nozzles	Barrels 4 x 1/8" NPT, tanks 2 x 1/8" NPT
Spray Coverage	Four nozzle 6', two nozzle 10'
Cleaning Cycle	45 seconds and longer
Spray Pattern	360°
Inlet Connection	Standard 1/2" NPT
Insertion Opening	2" (max)
Lubricant	Self-lubricating
Installation	Portable
Material	316 Stainless Steel
Weight	8 lbs
Warranty	One year limited warranty

Ordering Information

ToteBlaster LT	ToteBlaster LT
HotCart	HotCart hot high pressure washer
107146806	KEW Poseidon 7-67 pressure washer, cold & hot water up to 185 degrees
WBW/Power-Coated	Mounting rack, 2 or 4 wine barrel platform
ANT4C	Hydro Twister® 4-in-1 surface cleaner

The AquaTool ToteBlaster LT can achieve extremely high labor productivity per man hour through automation and using the latest technology in water-based cleaning solvents. Thus, man-hour resources can be more efficiently utilized.

The **KEW Poseidon 7-67** Hot & Cold High Pressure Washer is a premium class industrial cold & hot (up to 185°F) water pressure washer that combines the renowned lifetime and quality of the C3 pump with optimal ergonomics to bring an unbeatable heavy duty pressure washer to many industries. The high water flow makes it very useful for applications where a high level of dirt has to be removed or flushed away.

Special Features

Oversized case and gears provide a significant advantage over the competition. Providing smoother motion, they can also withstand greater pressure. The gears are made from a revolutionary self-lubricating hard plastic that is more durable than brass.

Compatible Products

The **AquaBlaster LT** Portable Barrel Washing System is ideal for applications where the insertion opening is smaller than two inches, such as wine barrels and closed head 55 gallon drums. The cleaning efficiency of the AquaBlaster LT is achieved thanks to four stream jets at low flow rate with high pressure, thus providing high impact washing. Stream nozzles rotate around a turret to provide complete orbital cleaning coverage of all interior surfaces.

HotCart Hot High Pressure Washer You provide the water, and we'll heat it up to 185°F with flows up to 13.2 gallons per minute. With AquaTools HotCart hot high pressure washer option, you can enjoy hot water and high pressure up to 2750 psi with flows up to 5.5 gpm.

We offer a variety of storage and mounting racks for easy insertion. Our traditional 2 or 4 barrel pallet wash platform removes any need for heavy lifting when inserting our container cleaner.
