

SPECIALTY EQUIPMENT

E85

Leading Manufacturer of fuel-dispensing equipment that is specifically designed for E85 fuel. E85 is clean, environmentally-friendly fuel that is a blend of 85% ethanol and 15% unleaded gas. This blend of fuel reduces harmful hydrocarbon and greenhouse gas emissions and is rapidly becoming the alternative fuel in the petroleum industry.

BIODIESEL

Catlow has developed fueling equipment for aggressive blends of BioDiesel fuels. Standard fueling equipment can be vulnerable to higher concentrations of Methyl Oleate; therefore, Catlow has incorporated more resilient elastomers giving us the ability to warranty its reliability.

COLD WEATHER

Catlow's proven fueling product line incorporates special features to adapt to extreme cold operating temperatures. Thus, Catlow's nozzles, swivels and breakaways are engineered for cold-weather service and proven reliable at 40 degrees.

Catlow Hanging Hardware Product Line Delivering Superior Value

STANDARD AND HIGH-FLOW DISPENSING EQUIPMENT

ELITE

The ELITE automatic shutoff, 3/4" inlet nozzle is designed for retail and commercial fueling sites. Available both self-serve and pressure-sensitive (no pressure, no flow) models. The ELITE features a user friendly, "one-hand," hold-open latch.

Application: Unleaded and Auto Diesel

MAX 1

The MAX 1 automatic shutoff, 1", inlet high-flow diesel nozzle is designed to meet the rugged demand of the commercial industry. Available in both self-serve and pressure-sensitive (no pressure, no flow) models, the MAX 1" features a user-friendly, "one-hand," hold-open latch.

Application: Truck Diesel

Vac Assist Nozzle

The ICVN (Inverted Catlow Vac Assist Nozzle) is a Stage II Vac Assist Vapor Recovery nozzle. It is approved to meet CARB and EPA regulation for air quality. Its lightweight design and rugged reinforced spout's tip make the ICVN a smart and reliable choice for retail fueling in Vapor Recovery mandated areas.

Application: Unleaded

CAM TWIST Breakaway

Powerful magnets make our CAM TWIST Breakaways UNIQUE! Engineered with precise pull force to separate and easily reconnect. Patented technology allows the breakaway to be twisted apart for on-site maintenance and inspection which eliminates the need for a "remove-by" date. Available in sizes of 3/4", 1" and M34 (vac assist) thread.

Application: Unleaded, Auto Diesel, Truck Diesel and Vac Assist

TWISTER Swivel

The TWISTER swivel raises the level of swivel flexibility with two 360 degree, rotating planes. Designed with special seals protecting this heavy-duty swivel from extreme cold weather conditions and blended fuels. Available in 3/4" and 1".

Application: Unleaded, Auto- Diesel, Truck Diesel

Vac Assist CAM TWIST

We have taken our proven CAM TWIST magnetic breakaway and designed this breakaway for vapor recovery applications. With our CAM TWIST magnetic breakaway, aligning and reconnecting is easy. Align the two halves together while pushing the unit back together. It is that easy!

Application: Unleaded

Magnetic Swivel/Breakaway

The magnetic swivel/breakaway is a combo unit composed of our signature CAM TWIST with proven Magnetic Technology and a swivel added on top for additional flexibility. It connects directly to the fuel nozzle, eliminating the need for a whip hose assembly. Available in 3/4" and 1".

Application: Unleaded, Auto Diesel, and Truck Diesel

STRAIGHT Swivel

The STRAIGHT SWIVEL eliminates kinking and twisting of the hose which adds flexibility to the nozzle when dispensing fuel. Available in 3/4", 1" and 1-1/2".

Application: Unleaded, Auto Diesel, Truck Diesel

VAC ASSIST DISPENSING EQUIPMENT

ASSEMBLIES

Customized bundling with dispenser

Fewer touches and logistics = cost savings

Save on Shipping
Save on assembly labor

No need to source with separate providers

Save on inventory management

Factory pre-assembled

Ease of making one connection into the outlet casting of the dispenser upon startup

Prevent accident due to installation error

Sold as a bundle with dispenser to ensure compatibility

Pressure and leak tested

Over 5% saving with reduced failure rate

Catlow products are supported with world-class customer service with 40 years of industry experience. This unique support makes Catlow the best choice for your hanging hardware assembly needs

Full and Lower Cat-tail Assemblies Available

Bundled with Gilbarco Dispenser
