

Fuel, Diesel, and Propane Tank Monitor

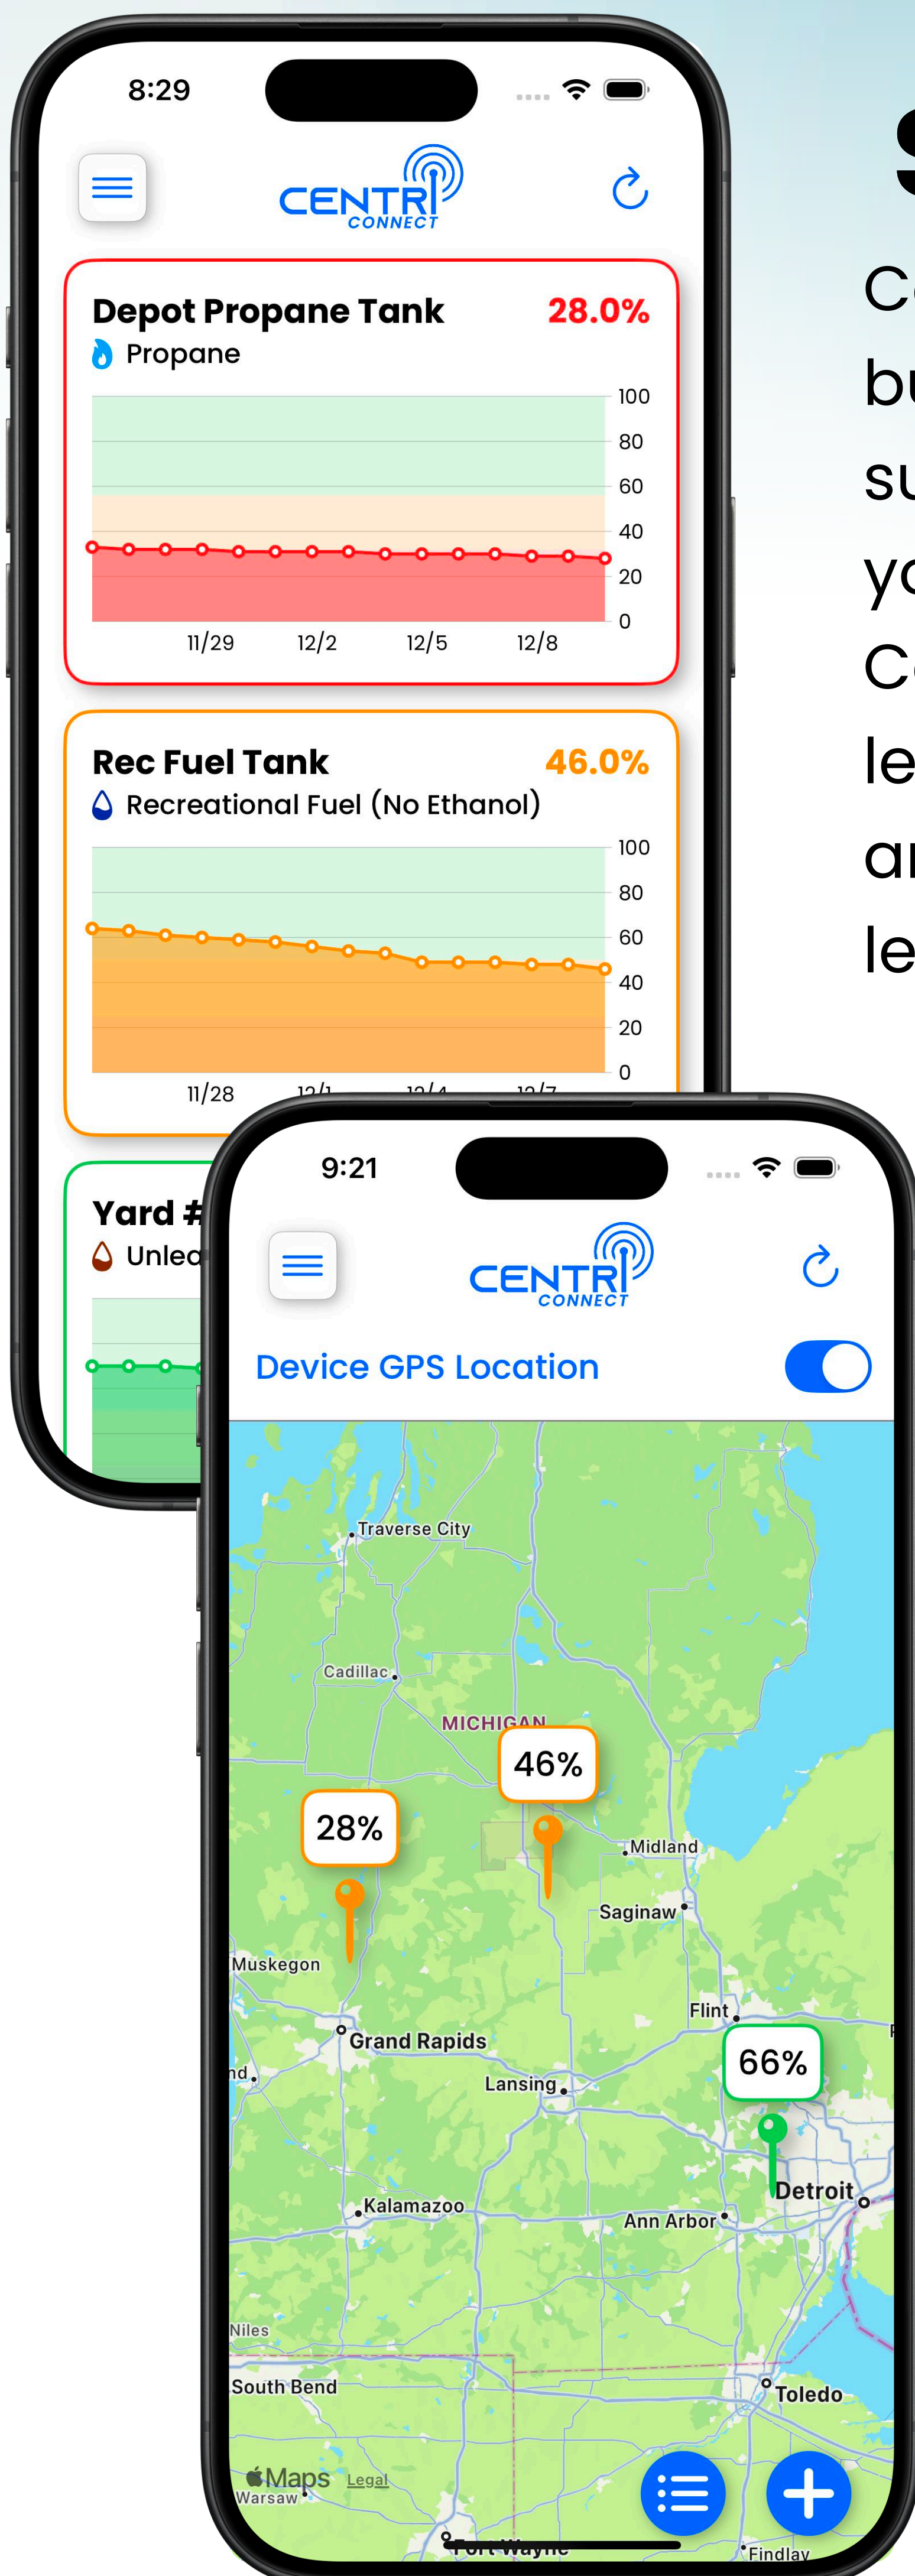

Solar Powered, Connect Anywhere

Centri's Tank Monitor offers 10 years of seamless, reliable monitoring for bulk propane, fuel, and diesel tanks, powered by solar energy and supported by all major U.S. cellular networks. With its built-in solar cell, you'll never worry about replacing batteries again. Paired with the CentriConnect App, you gain real-time access to vital data like tank levels, consumption, LTE signal strength, solar charging performance, and battery health. Enjoy the convenience of always knowing your tank level status with Centri's smart, eco-friendly solution!

Key Benefits:

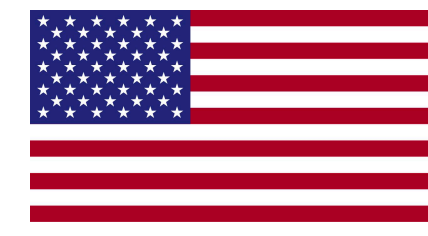

- **Durable & Weatherproof:** Built to withstand harsh weather conditions, our monitor operates in extreme temperatures and is protected against rain, snow, and UV exposure.
- **Solar-Powered Efficiency:** No need for battery replacements! Our monitor uses solar energy to stay powered 24/7, even in low light, ensuring consistent performance for up to 10 years.
- **Bi-Hourly Posts:** See live tank level readings with bi-hourly posting intervals which are adjustable through the mobile app.
- **Low Level Alerts:** Never run out unexpectedly! Receive notifications when your tank is getting low, so you can schedule a refill ahead of time.
- **No Recurring or Licensing Fees, And More!**

Commercial Tank Monitor

Contents

**Proudly Designed, Manufactured,
and Supported in the USA**

High-Efficiency Solar Cell

Captures sunlight for optimal performance, even in low-light conditions.

Cellular Connectivity

Reliable, fast cellular communication from virtually anywhere, even in highly remote areas.

Durable, Reinforced Shell

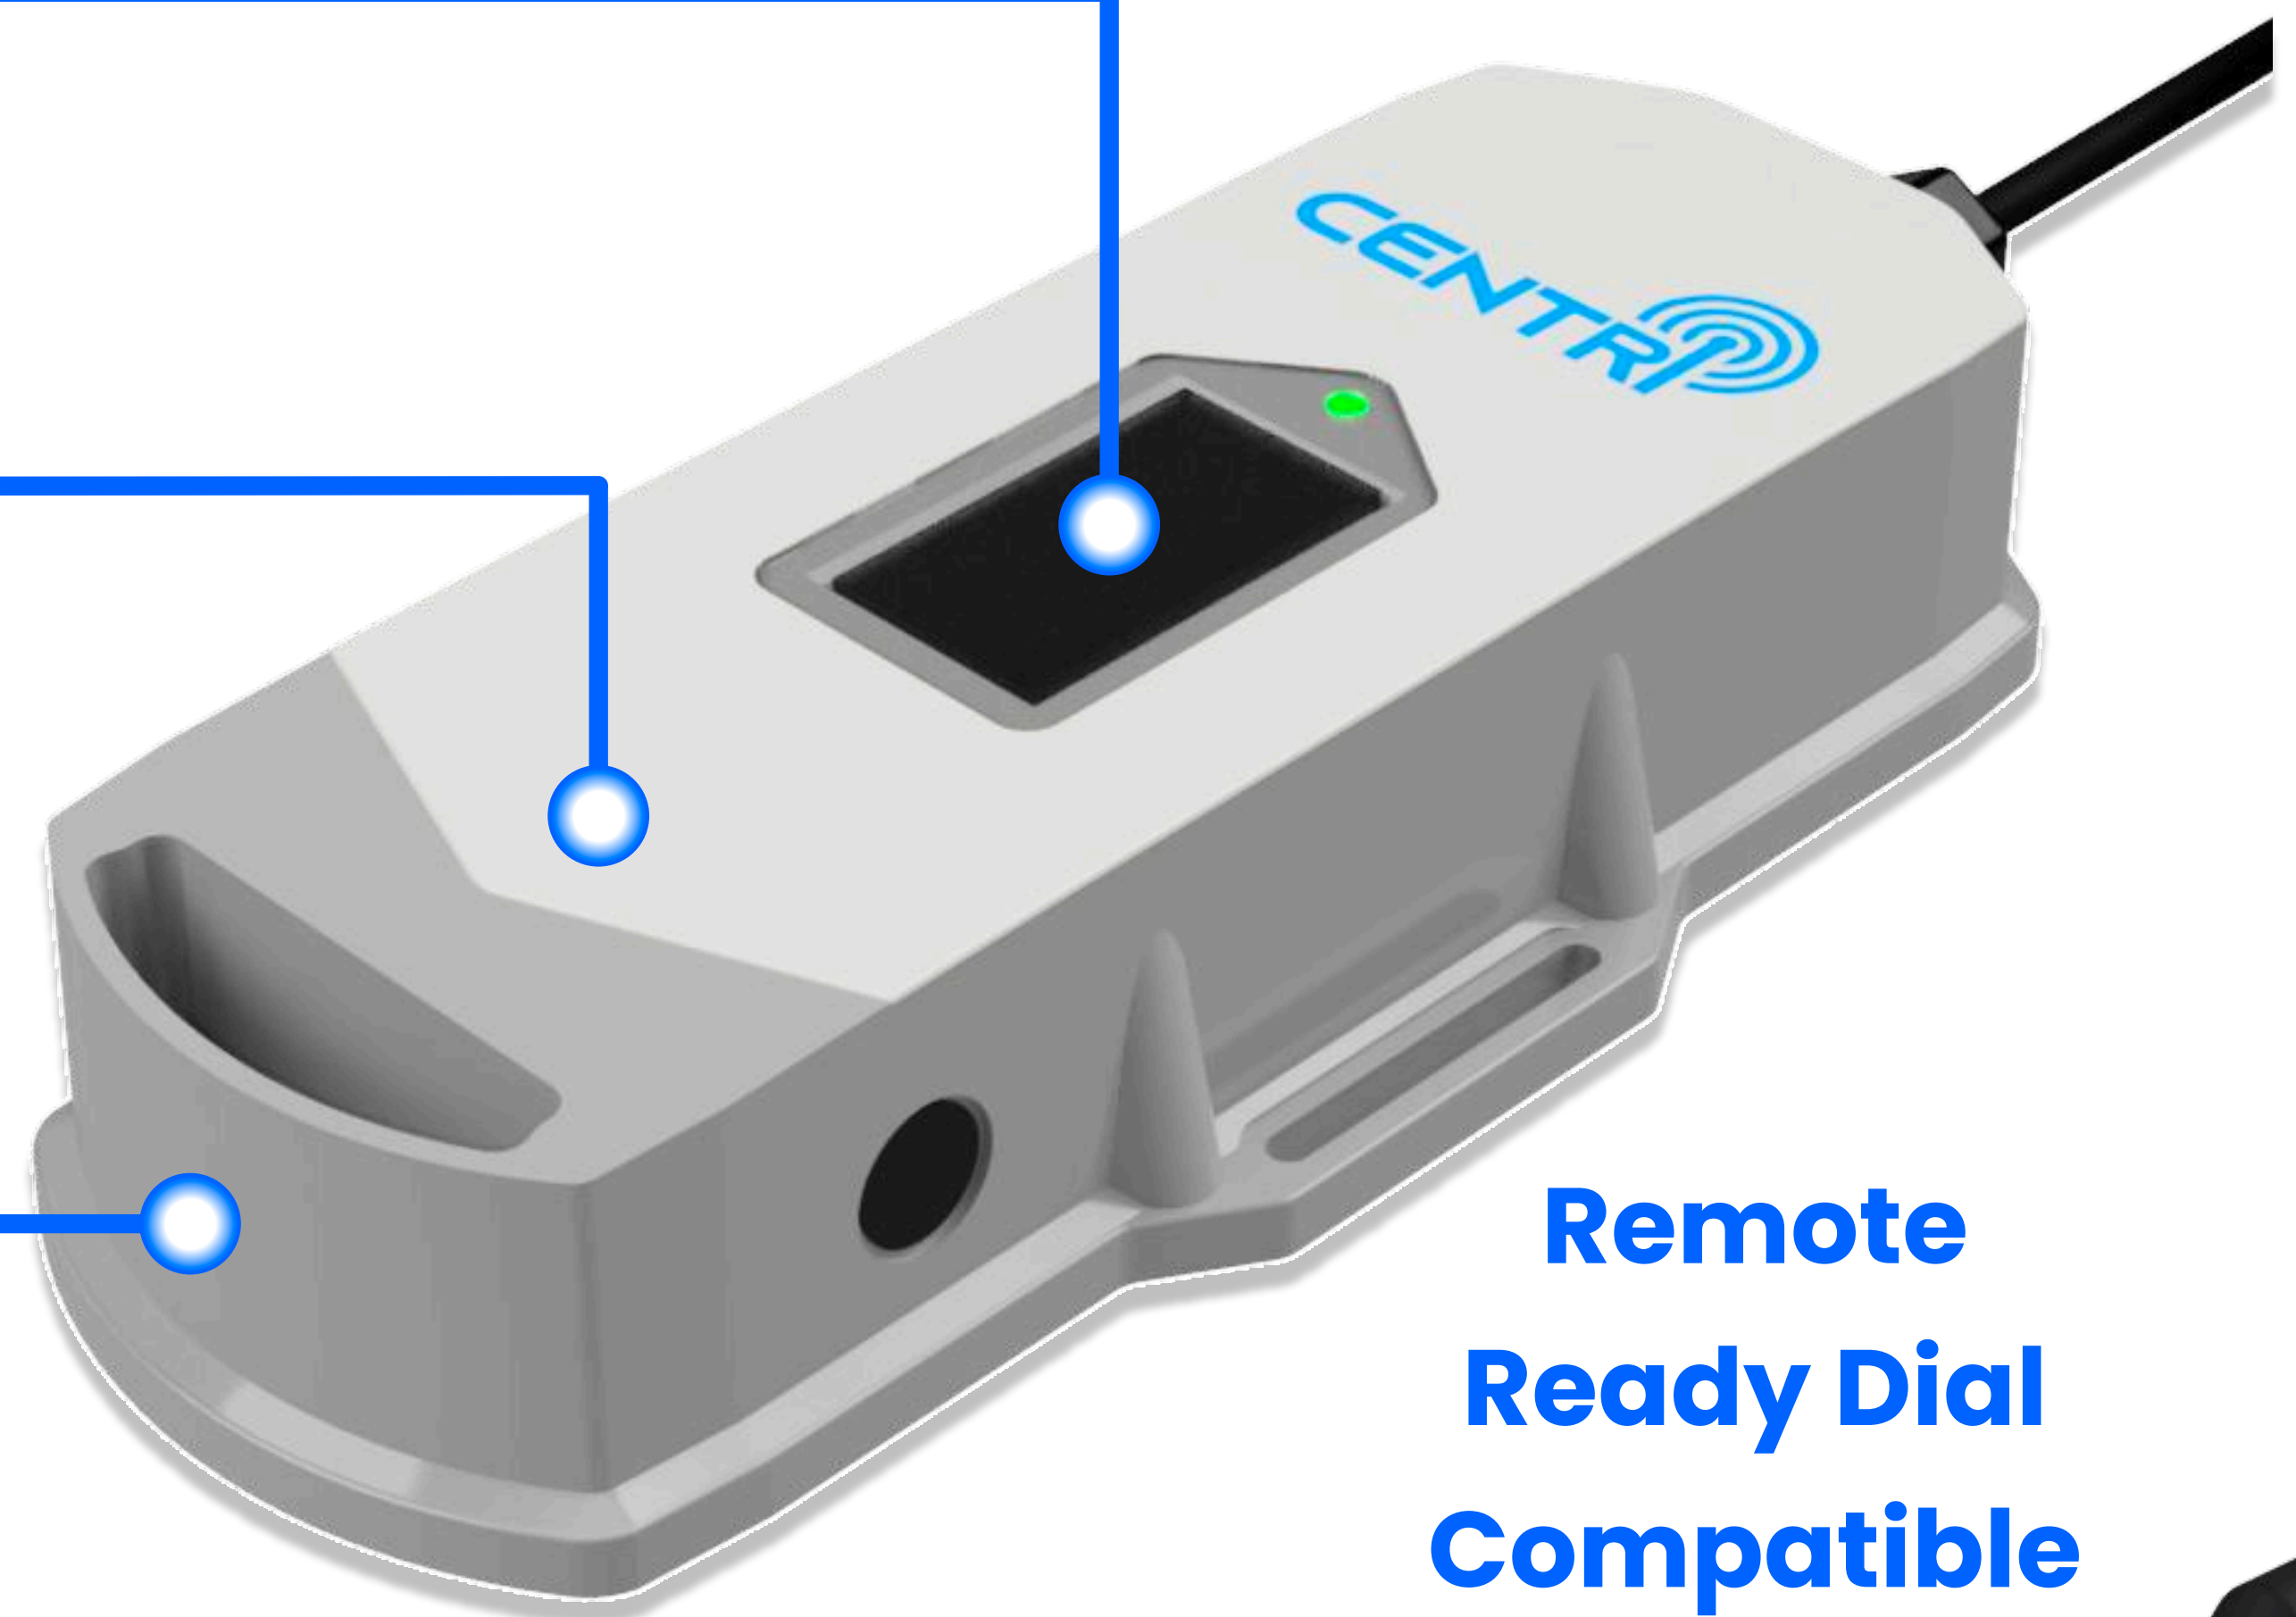

Designed to withstand tough environments, ensuring lasting protection for 10+ years.

Universal Mounting System

Magnetic and physical mounting points, allowing installation on various tanks.

Warranty, Instruction Manual, and Activation Card

Each tank monitor comes with a 2 year warranty, a comprehensive installation manual, and free access to the CentriConnect App.

**Remote
Ready Dial
Compatible**

Compatibility

Compatible with:

- 60 an 120 gallon vertical tanks,
- 250 to 2000 gallon horizontal tanks,
- Above ground and underground tanks,
- "Fuel Cube" style tanks
- Any tank with a remote ready dial.

**ALL Cell
Service
Included**

**2-Year
Warranty**
