

The **Shop Pro** is a multipurpose shop floor tool, custom designed to remove water and contaminants from a diesel fuel tank, transfer diesel fuel and prime heavy duty diesel engines including the Detroit Diesel DD13/DD15/DD16 engine line.

SHOP PRO FXP 50/95	SHOP PRO ST
	
Designed for Detroit GHG engines to open the two-stage valve for complete fuel system priming	Portable priming unit used on service trucks and powered by truck battery.

Applications

Priming

- Eliminates the use of hand priming pumps after performing maintenance
- Uses on-board fuel to prime engines and filters, no need to keep reserve fuel on hand
- Eliminates cross contamination of fuel

Fuel Transfer

- Filters and transfers fuel in one operation
- Transfers fuel when repairing tanks
- Transfers fuel for trucks being sold or taken out of service

Tank Cleaning

- Removes contaminated fuel, sediment and water from fuel tanks of diesel powered or from diesel storage tanks

Features
