# ULTRA GUARDS COLLECTION

## EXTREME CABLE PROTECTION

**High Durability Cable Protectors & Drop Overs to cover cables, hoses & pipe and ensure a safe working environment.**

The UltraGuard collection is versatile across all industries. Ranging from light to heavy duty projects, it offers a low profile cable ramp designed for easy vehicle and pedestrian traffic. Offering 5 channel and the first ever 7 channel protector on the market, this collection features Elasco's exclusive lid design that enhances the safety of your product. The lid's push button fasteners ensure the lid is properly closed and secure at all times.

Elasco Products now offers this product line in an ADA compliant series.
