

F0298006 | 4" COAXIAL DELIVERY ELBOW

The Coaxial Drop Elbow is designed with the operator in mind. It is lightweight and durable with a low pressure drop to reduce delivery times.

- **Lightweight** aluminum construction
- **High** flow rate
- **Sight glass** for product visibility
- **Two piece construction** allows change of connector size and style
- **Quick and easy** to rebuild
- **Most parts interchangeable** with other Emco Drop Elbows

Product connection (3" or 4" cam & groove) is located below vapor connection (3" cam & groove) and reduces stress on adaptor, piping and connection to tank

As a part of a continuous commitment to product development the company reserves the right to alter the specification of its products without prior notice.
