### Site Compliance Dashboard

Results on this grid are based on inspections where the Valid From date is today or before and the Valid To date is today or after.

Site Name	Scheduled Forms	Completed	Due	Completed (%)	Passed	Failed	Passing (%)
210 - PFS - Victoria (TX)	0	0	0	30%	0	0	30%
14 - PFS - Cedar Rapids IA	0	0	0	86%	0	0	86%
10 - PFS - Pittsburg PA	11	8	0	73%	0	0	73%
18 - PFS - Twin Cities	10	7	0	47%	0	0	47%
230 - PFS - TPC (Rock Island, IL)	14	22	0	92%	0	0	92%
11 - PFS - La Crosse WI (1030)	0	10	0	71%	0	0	71%

### Inventory Reconciliation: Month to Date

<b>Task Portfolio</b>	<b>Compliance - Pass / Fail</b>	<b>Variance / Loss</b>	<b>Diagnostics</b>	<b>Stats</b>
Total Active Sites: 144	Total Compliance: 88	Gallons Fuel Used: 623,007	Malfunctioning: 0	MTD Deliveries: 144
Total Disabled Sites: 54	Total Failures: 16	Shortages: 43,048	Nonfunctioning Tanks: 0	MTD Deliveries: 49
% of Disabled Sites: 38%	Pass %: 73%	Storage: 23,268		
		Gallons over Allowance: 68,117		

Monitor and know the status of your fleet equipment at a glance. EKOS stores all your equipment in one central place. By utilizing EKOS, you can efficiently and effectively monitor Fuel Sites and Inventory. EKOS uses a fuel loss prevention program to make sure you don't lose fuel. Site inspections can be done from your mobile device.

**CONNECTED VENDORS**

Your Vendors: **92**

**VENDOR MAP**

The EKOS service network is a comprehensive collection of service vendors in the fuel industry and highlights vendors that specialize in service, commercial, industrial, and municipal private sites.

Connecting to more vendors is a wise idea. It is always good to have a solid network for times of emergency.
