

Electronic Dispense Meters and Valves

The Industry's Most Trusted Dispense Equipment for:

- Fast lubes
- Car/truck dealerships
- Municipalities and transits
- General Service shops
- Lube trucks
- Construction equipment
- Fleet maintenance shops
- Manufacturing plants
- Mining Operations

PROVEN QUALITY. LEADING TECHNOLOGY.

Fluid Dispense and **Inventory Control** at Your Fingertips

Save Time and Materials with Matrix

- Beat the book time and move more vehicles through your shop
- Reduce human error and inventory shrinkage
- Automatically post fluid dispenses to the work order
- Eliminate out-of-stock problems and over-filled tank issues – Matrix automatically emails fluid levels to oil suppliers and oil recyclers
- Reynolds and Reynolds, CDK Global (formerly ADP), and Procede Software interfaces provide secure, reliable data transfer between Matrix and the management software

Improve Productivity

A Complete Family of High Quality Meters and Control Valves

Graco's family of meters and dispense valves fits a wide range of needs from small repair shops to car dealerships, truck, fleet, and off-road maintenance facilities.

Meters come with higher pressure options for longer plumbing runs and features to improve your productivity.

Install It and Forget About It!

At Graco we know what equipment failure does to your profits. That's why we engineer each product for superior performance. When you need it to work, it does the job. Keep your technicians working without downtime, to get the most through your shop, and more profit each day.

Heavy-Duty Applications

- Mining equipment service shops
- Construction vehicle maintenance
- Off-road maintenance shops

Large Jobs

- Car and truck dealerships
- Fleet maintenance shops
- Public works garages
- Higher volume dispense in-plant

Small Jobs

- Smaller maintenance and repair shops
- Tire shops, muffler shops and smaller fast lubes
- Lower dispense volume in-plant

Innovation

When Graco engineers are thinking about delivering the products you need, they never cut corners or lower standards. They innovate, do more with less, and then test to make sure it meets Graco's incredibly high standards.

Return-on-Investment

When you buy a Graco product you know it's been engineered with high quality materials, tested and proven to perform right out of the box. Graco strives to provide the best products on the market. We manufacture products that last longer to bring more to your bottom line...and that's the bottom line.

Fluid Extension Kits

Choose from rigid or flexible extensions with automatic flush-mount nozzle design that re-seats after each dispense to prevent dirt contamination. Turn the twist-lock tip when not in use for leak-free performance.

Large LCD Display and Simple Operator Controls

Adjusts for reading in all lighting conditions with easy set up and navigation.

- Program system right from the meter
- Built-in calibration program ensures proper dispense volume
- Read error codes for diagnostics
- Meter/fluid ID. for each dispense point

Long Battery Life

Uses four off-the-shelf batteries – no charging station needed.

Durable Cast Body

Solid construction to stand up to harsh environments and provide years of trouble-free performance. Plus, durable cast trigger guard prevents accidental triggering.

New Gear Shape Design

Improved accuracy in a wide range of flow rates and viscosities, compared to traditional metering technology.

Trigger Lock

Familiar locking trigger for longer dispenses (SDP5 and SDP15 preset models).

Balanced Triggering

Four-finger pressure balanced triggering for superior comfort and ergonomics. Variable flow valve controls fluid to prevent spills and over filling.

Fluid Inlet Screen

Replaceable internal filter screen protects meter from contaminants while increased surface area reduces pressure drop.

SDP5 Preset Model Shown >

Fluid Swivel

$\frac{1}{2}$ and $\frac{3}{4}$ inch fluid inlet options meet standard and high-flow requirements, choice of NPT, BSPP, and BSPT threads.

Fluid Inlet Boots

A variety of colors to easily identify fluids, plus provides protection from accidental damage to the vehicle.

Weight	3 lbs (1.36 kg)
Inlet	1/2 in npt
Outlet	3/8 in npt

LD Series™ Meters

For Smaller Shop Applications

Perfect for light duty applications up to 1,000 psi (68 bar) such as small service shops, fast lubes, and low volume in-plant applications. Manufactured with durable materials for superior impact resistance and long life. Operator controls are made with switches that last and the easy to read LCD display keeps dispenses precise. Choose from rigid or flexible extension kit with automatic thermal compensating nozzle. Includes trigger guard and inlet boot.

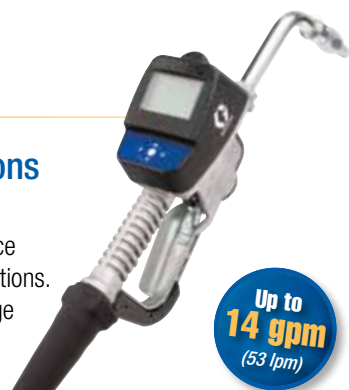

- Choose from Manual and Preset meters
- Displays in quarts, pints, gallons, or liters
- Dispenses motor oils, ATF, gear lube, and anti-freeze
- Replaceable inlet screen protects meter from contaminants.
- Five year warranty on body, two years on electronics

SD Series™ Meters

For Standard and Heavier Duty Applications

Designed to perform at up to 1,500 psi (102 bar) allows for longer plumbing runs for use in dealerships, fleet maintenance shops, municipal garages and higher volume in-plant applications. Innovative oval gear design improves accuracy in a wide range of flow rates and viscosities. Use the variable control for precise dispensing or lock the trigger for larger dispenses. Up to three scalable presets on SDP5 and SDP15 models allows for quick dispensing of common volumes for improved technician speed and efficiency.

- Choose from Manual and Preset meters
- Displays in quarts, pints, gallons or liters
- Dispenses motor oils, ATF, gear lube and anti-freeze
- High flow with multiple extensions available
- Five year warranty on body, three years on electronics

Up to
14 gpm
(53 lpm)

Weight	5 lbs (2.3 kg)
Inlet	1/2 or 3/4 in
Outlet	3/4 in

Up to
20 gpm
(76 lpm)

Weight	4 lbs (0.18 kg)
Inlet	1/2 or 3/4 in
Outlet	7/8 in

SDV15™ and XDV20™ Valves

Dispense for non-metered applications

Sturdy cast valve body is designed to hold up in harsh environments. Built-in ball bearing swivel allows for ergonomic operation. SDV15 has a locking trigger, XDV20 has a lock on/lock off trigger for hands-free operation. Choose from multiple extensions for dispensing motor oils, ATF, and anti-freeze.

- High-flow extension available for faster dispenses

Graco's got you covered

Facilities Worldwide for Global Support

Quality First

At Graco we pride ourselves on providing best-in-class products. Engineered solutions are manufactured in our own facilities, with the highest standards in the industry. We provide you with world-class customer support and expertise to help solve your lubrication challenges.

Global Reach

Graco has facilities and distribution partners across the globe to provide you with the products and service *you* need, where *you* live. Plus, Graco has dedicated field experts in all areas of the world to support the products we sell.

Product Capabilities

Graco has a broad range of products to provide solutions that meet your needs. Our products are engineered and tested to perform in the harshest environments so you can be certain your equipment is protected and working at peak performance.
