

## Unitract™ Series

For 3/8" and 1/2" Hose I.D.

**Unitract™ Series Low Pressure** reels are ideally suited for plant maintenance or many other industrial functions where hose storage is a problem. Standard hose for air, water and oxygen/acetylene applications. Hose can be dispensed and retracted with greater ease and expedience than coiling by hand. The Unitract™ series fits easily into height restricted areas, and is a lighter duty reel. Designed for stationary applications; do not use on mobile applications.
