

L.B.WHITE

L-40 Low Pressure Radiant Heat Brooders

The best value in high quality, dependable poultry heating.

Low Profile

The L-40 is only 14 inches tall and has a low profile, taking up less room in a house and making it easier to handle and work around.

Plug & Play / Versatile

The L-40 features an On/Off switch and can run using LP or Natural Gas. It can easily replace any competitive unit and integrate with existing house control systems.

Easy to Assemble

The L-40 is only five parts, making assembly quick and straightforward.

Withstands Harsh Conditions

The L-40 features:

- Stainless Steel Construction
- Flexible Gas Manifold Tube
- Hardwired Gas Valve
- Sealed Box with Gasket

Wide, Consistent Heating Area

The L-40 produces a wider, more temperature consistent heat zone than leading competitive low pressure brooders, giving birds more options to find their comfort zone.

Pictures shown at left are taken after 5 minutes in identical lab tests. Typical run time of a brooder after pre-heat is 3 to 5 minutes.
