

## Enhanced Security and Weatherability for Commercial Applications

The weatherability of stainless steel combined with the strength of our commercial-grade laminated padlock means enhanced security for you.

Master Lock Commercial Magnum is a laminated padlock encased in stainless steel for improved weather resistance.

Its octagonal, chrome-plated boron-carbide shackle and dual-ball bearing locking mechanism provide superior strength and protection.

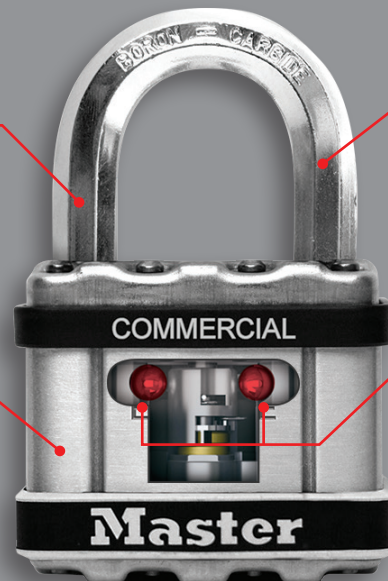

Commercial Magnum offers a higher level of weatherability and security for applications in outdoor, corrosive and caustic environments.

Octagonal boron-carbide shackle is 50% harder than hardened steel

Chrome-plated shackle for excellent rust resistance

Stainless steel body cover for exceptional weatherability

Superior pry resistance with dual-ball bearing locking

- Key to match existing 4-pin W1 systems
- Edge® Key Control available
