HIGHLIGHTS

Reading Accuracy: 0.1 psi (Best in Class)

Max. Supply Pressure: 260 psi | Inflation Flow: 18 cfm

Inflation Range: 4-250 psi | Operating Temperature: 5°F to 131°F

ACCURA® MK4X4 MAVERICK KIT

Part # DAC409/M4x4

- Accura® MK4 Inflator
- 4x25' recoil hose with closed end chucks and swivel fittings
- Air Manifold

ACCURA® MK4 INFLATOR

Part # DAC409/M

- PCL Quick Connect mini coupling with new Pro-Connect series straight swivel chuck

PRO-CONNECT
PREMIUM TIRE AIR CHUCKS

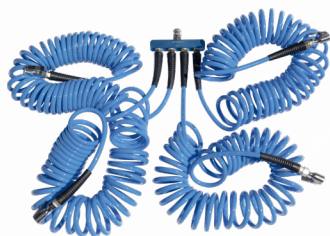

The new Pro-Connect tire chuck locks on with a single push action, making your experience easier and faster, with zero air loss.

ACCURA® MK4X4 MAVERICK (HOSE KIT/MANIFOLD ONLY)

Part # HA4x4M

- 4x25' recoil hose with closed end chucks and swivel fittings
- Air Manifold

ACCURA® MK4X4 MAVERICK INFLATOR KIT

PCL is introducing the new ACCURA® MK4x4 Maverick Tire Inflator kit dedicated to the off-road sector. Combining the proven ruggedness of a metal analog inflator gauge with the accuracy and ease of use of a digital gauge, the ACCURA® MK4x4 is taking inflation to a new level by offering off-road adventurers leading inflation and deflation rates along with high performance in both indoor and outdoor environments. With the option of being able to connect or disconnect to the four hose manifold you can choose to inflate, deflate or read the tire pressure of one tire or all four tires at once. With the large LCD backlit display and selectable units of pressure reading this makes it the most versatile digital handheld product PCL has ever launched, and now with the ability to inflate or deflate up to 4 tires simultaneously specifically designed for the Off-Road user. The ACCURA® MK4x4 is geared to go wherever you want to go, with its small footprint and lightweight, yet robust chassis, this new kit is all about YOU! Let's continue celebrating freedom and passion for driving and the thrill of a new adventure.

KEY BENEFITS

Inflate/deflate and pressure readings up to 4 tires simultaneously

Individually tested calibration certificate included

Extremely robust die cast aluminum body with protective rubber bumper

Lightweight design - Easy to use with reduced fatigue

Large, backlit display makes it easy and quick to read even in low light conditions

Registered design

Toggle 3 units of calibration as standard - Psi, Bar, & kPa

The Accura® MK4x4 Maverick Inflator kit includes a heavy duty carrying case for all your travel adventures.

** Recommended to be used with PCL products only, in order to ensure reliability, accuracy, and safety**
