# CUBE 70 B.SMART

## FEATURES

- STURDY STRUCTURE
- COMPACT DESIGN
- NATIVE WITH B.SMART CLOUD SOFTWARE
- IP55

The CUBE 70 B.SMART fuel dispenser, available in the 15GPM version with AC supply, is equipped with a self-priming vane pump with a built-in bypass that ensures high performance. The anti-vibration support of the diesel dispenser guarantees silent operation and practicality, while the mechanical seal and the thermal protection of the induction motor against overheating makes the product reliable and safe. CUBE 70 B.SMART is equipped with an automatic nozzle with swivel connection. The installation of the mesh filter on the suction side ensures the pump longevity, as it prevents foreign bodies from ending up in the rotor and causing a blockage and consequent damage.

### PERFORMANCE

<b>UP TO 15 GPM</b>	<b>AC VOLTAGE</b>
FLOW RATE	POWER
<b>± 0.5%</b>	<b>BLUETOOTH</b>
ACCURACY	CONNECTION
