

The leader in total temperature control, Powerblanket designs and manufactures high-technology smart controls and monitoring devices, heating blankets, and chilling products that solve a wide range of temperature problems. Industries such as oil and gas, construction, industrial, mining, and railroad rely on innovative Powerblanket technologies to control the temperature variable.

DRUM, BARREL & BUCKET HEATERS

Drum and bucket heaters are one of the most popular lines of Powerblanket products. The innovative design has changed the conventional method of heating materials by providing targeted and evenly distributed heat to the surface of the drum, thus eliminating hot and cold spots.

IBC TOTE & DEF TOTE BULK STORAGE HEATERS

Powerblanket Tote Heaters maintain optimal heating conditions for temperature sensitive materials, and Powerblanket DEF Tote Heaters are temperature specific to protect Diesel Exhaust Fluid from freezing and to maintain optimal temperatures.

GAS CYLINDER HEATERS

Powerblanket has the best gas cylinder heaters on the market. Overcome the effects of cold weather and maintain pressure and efficiency on any gas cylinder. Propane pressure decreases in cold weather. If you have the right tools, you can enjoy gas efficiency year-round and avoid the pain of frequent refills.

PALLET HEATING HOT BOX

Powerblanket Hot Boxes efficiently heat temperature sensitive materials such as paints, roofing materials, chemicals, epoxies, resins, equipment, and pallets of any material. Easily assembled, taken apart, and moved from job to job, hot boxes are ideal for cold weather storage, freeze protection, transporting, job site heating, remote location use, and winter roofing.

OPTIMIZE OPERATIONS

EXTEND WORKING SEASON

SAVE TIME & MONEY

PROMOTE SAFETY & PREVENT INJURY

HEATING MADE EASY

Experience the many benefits of using a premium Powerblanket industrial heating solution.

PREMIUM QUALITY

Designed by our world class engineering team and manufactured in our award-winning facility.

CUSTOMER SATISFACTION

Buy with confidence. Our knowledgeable customer service team is here to support you.

FEEL GOOD

Safely protect critical materials & equipment, optimize operations, and save time and money.

HEATED GROUND THAWING BLANKETS

Don't let the inconvenience of snow, ice, and frozen ground slow down your operations. The high-watt density in Powerblanket Ground Thawing Blankets help tackle the difficulty of thawing ground in harsh climates, thawing 12-18 inches of ground per day.

HEATED CONCRETE CURING BLANKETS

Powerblanket Concrete Curing blankets provide a manageable way to cure concrete effectively and confidently in the cold weather months. Even in warm weather, Powerblanket Curing Blankets increase production by rapidly curing with consistent, even heat. Year round applications include: precast, concrete counter tops, and decorative concrete.

ROOFERS HOT BOX PALLET HEATER

Go ahead and put your compressor, adhesives, shingles and all other roofing equipment inside, it has the room for it and this Roofers Hot Box will keep them nice and toasty. This versatile heating solution accommodates remote-location use, job site heating, the transporting of temperature sensitive material, and much more.
