

## Spring Retractable Hose Reels

Water - 1/2", 5/8", 3/4" I.D.

- Most models include outlet hose with brass on/off ball valve, bumper, and inlet hose providing a reel solution out of the box
- Comes equipped with garden hose end fittings
- Guide arm is easily adjustable to numerous positions
- All steel parts are individually powder-coated for maximum corrosion resistance
- Designed to be mounted centrally and used for watering and washdown
- Reel components are made from industrial-grade steel
