

# FUEL MANAGEMENT CUBE-KIT

SECURED ON-SITE FUELING STATION

12V-24V | 110V POWER | STACKABLE FRIENDLY | CELLULAR

## PERFORMANCE VALUE - FUEL MANAGEMENT CUBE KIT

### INVENTORY MANAGEMENT

When it comes to Fluid Inventory Management Systems, accuracy and security have always been key. TECALEMIT's range of systems have provided our industry with performance-value packages that have evolved into class leading hardware and software.

In the spirit of innovation, TECALEMIT has led a powerful charge over the last ten years in bringing you a full menu of fuel management solutions. The latest, these retrofit kits were built from the ground up with you in mind, giving you an easy out of the box retrofit for Western Global's excellent line of FuelCubes and TransCubes with a simple way to mount, operate, and stack your tanks. The TECALEMIT Wonderbox is a state of the art fuel management unit capable of accepting 12v or 24v DC power and handling 2,000 drivers and 2,000 vehicles.
