

FUELCUBE TYPE-S 119 US GALLONS

The FuelCube Type-S is a compact and economic transportable fuel tank designed for mobile refueling for small to mid-size equipment. The FuelCube Type-S includes features an integral, lockable equipment cabinet for security and forklift pockets for easy mobility when empty. Most importantly, the FuelCube Type-S allows a user to transport diesel without the need for hazardous materials placarding.

FEATURES

LOCKABLE EQUIPMENT CABINET

Equipment and ports are secure and spills are contained. Secure hose access enables fueling while cabinet is locked.

STACKABLE CORNER BRACKETS

Easily stackable up to two high when empty.

REMOVABLE INNER TANK

For routine cleaning maintenance and inspection.

DOUBLE WALLED 110% CONTAINMENT

Built-in, weatherproof secondary containment eliminates the need for pans or basins.

TRANSPORTABLE WITHOUT HAZMAT PLACARDING

The FuelCube Type-S does not require hazmat placarding to be transported full of diesel fuel.

UL142 APPROVED

Widely recognized standard for safety for above ground tanks in North America.

FOUR WAY FORKLIFT POCKETS

Quick and easy maneuvering and mobility.

IDEAL USES AND APPLICATIONS

NO HAZMAT PLACARDING REQUIRED

The smaller 119 gallon FuelCube Type-S eliminates the need hazardous material placarding when transporting diesel fuel. It also offers the same security you have come to love with the FuelCube.

MOBILITY

Unlike other small fuel tanks, the FuelCube Type-S is a mobile solution; able to be easily removed from a truck and transferred to either the ground or another truck.
